Ten years ago, Brainwashed.com launched [The Eye](#), one of the first regular music oriented video features online. Over the years, close to 150 mini documentaries were produced from live and interview footage with some of the most innovative acts. In the last few weeks, the videos have been re-visited, re-mastered, and re-presented on YouTube. We're excited for the new resolution, sound, and clarity of these features, along with the portability afforded by YouTube. Over the next few weeks we will be randomly selecting features on the home page here of Brainwashed but you can always [Start at the beginning](#) and see where it takes you!
