

Brainwashed - Ted Leo

Written by Jon Whitney

Saturday, 21 June 2003 19:00 - Last Updated Tuesday, 18 June 2013 09:18

While Ted Leo's music career started in various NY-based hardcore groups, his popularity arose from years of playing in the DC-based bands Citizens Arrest and Chisel. After their breakup, he continued on as a guitarist in the Spinanes and eventually formed The Pharmacists, for which he currently plays and tours with. The footage was shot on the same night with Aereogramme back in March of 2003 at the Middle East in Cambridge, MA.
